2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The examination and evaluation of students is done by the affiliated University norms. However in the evaluation process 25 marks are based on internal evaluation which consists of the performance in two mid-examinations and personal observation. The mid-examination is again a theoretical way of testing the students' ability of comprehension in the subject. The personal observation is based on his regularity, obedience, discipline and cordial relationship with his colleagues. The student is also tested his abilities in elocution, essay writing and quiz competitions conducted in connection with various occasions in the campus organized as per the academic calendar of the institution.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Just before the commencement of an academic year, the IQAC meets with all the departmental in charges and office of the institution for finalization of the academic calendar. The activities may be conducted department wise or sometimes in collaboration with a few departments. For example, the NSS activities are generally conducted in collaboration with other departments. After finalization of the academic calendar, it is placed before the staff council for approval. It is communicated to all sections of the students and prominently notified in all departments and library which means the academic calendar is prepared in a very transparent manner. Each department inserts departmental activities like student seminars, study projects, quizzes, projects, study tours on a tentative basis and informs the same to the students so that they are in a position to deliver their duties as students in the classroom for the coming academic year. The implementation of the academic calendar including the mid examinations, practical examinations and final examinations is monitored in the monthly review meetings conducted by the principal

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The college constitutes academic, administrative and financial committees for the present academic year with each committee comprising a convener, three lecturers and two student representatives. Each committee discusses issues pertaining to that committee and student representatives are also involved in decision making of that particular issue which means every decision in a committee is made with the involvement and consent of student representatives of that committee. In this way the student representatives are imparted necessary knowledge to make decisions in an organization which makes them confident in taking decisions in their life. Each class has two representatives- one male and one female. The class representatives are elected by the class students. The class representatives elect chairman, vice-chairman, secretary, joint-secretary and ladies' representative for the college which constitutes the student council. These staff council members are included in the student advisory committee. All issues can be discussed in the student advisory committee. Issues like facilities- water, toilets, bus, and scholarships are discussed in the advisory committee meetings and the decisions will be forwarded to the principal of the college for taking appropriate decisions. Student function dates are fixed in the student advisory committee and full fledged student support is thus obtained for making these functions a grand success.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college academic and administrative matters are decided and implemented on the basis of resolutions made by various committees involving all faculty members, office staff, student representatives, parent representatives, alumni and some local representatives 1) The college planning and development council meets at least thrice in an academic year and makes resolutions about the future academic, administrative and developmental activities of the institution. This is a key committee comprising faculty, office staff, alumni, parents and academicians. Any important decision is to be discussed and approved by this committee only. For example, the introduction of new courses, the appointment of temporary teaching non-teaching staff members, changes and improvements in the existing buildings and renovation of existing infrastructure are to be decided in this committee. 2) The college committees on various academic, administrative and financial committees decide all kinds of resolutions pertaining to the activities of the college. Each committee consists of a teacher convener, three faculty members and two students. On certain committees other stake holders like parents, alumni, public representatives University nominees, officials of engineering department and academicians are accommodated to make the decisions wise and practical. The above information indicates that the entire functioning of the college is thoroughly decentralized and all the stake holders are involved in making decisions and their implementations. This also proves that there is a highly transparent administrative set up in the college.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The curriculum is prepared by the affiliated University and this institution has to implement that curriculum only. However, the institution has a chance of selecting study projects in certain courses like B.Com and B.Sc. for final year students. The institution can develop curriculum for certificate courses implemented by the institution, taking into account latest developments in that course.
Teaching and Learning	This strategy is very important in educational institutions. The teaching methods are mostly conventional and occasionally digital. For traditional teaching methods, the classroom infrastructure is updated with all facilities and items required are furnished from the special fee fund of

the college. The conventional laboratories for science subjects, English language lab and computer laboratories are equipped reasonably in consistent with the revised curriculum (from 2015-16). Internet facility is provided in one room and library to impart education through electronic mode. Mana TV live telecast programmes and recorded programmes telecast by the State Government through satellites are the biggest sources of e-learning. The traditional ways of learning methods blended with e-learning methods are effectively implemented with the available resources. The co-curricular and extra-curricular activities undertaken by the institution provide necessary boost for the students to become good citizens of India. The training given by JKC is also useful for learning knowledge for future employment prospects. The Gym and sports facilities make the students physically fit.

Examination and Evaluation

Since the courses are run in semester mode, the examination is also in the semester mode with 75 of the marks being assessed by external examiners and 25 of marks being assessed by the internal examiners of the college. While making evaluation for the internal part, two mid-examination marks carry 15, Seminars/Assignments 5 and Project/Viva 5 of marks. For final year B.Com students' project work is carried out and marks are awarded on the basis of project work for one paper in semester

Human Resource Management

The college administration consists of principal, teaching non-teaching staff members. The teaching faculty comprises Regular, Contract and Guest faculty. They are considered to be fulltime teachers as they work for the entire period of academic year. For teachers working against sanctioned posts, their salaries are paid by the Government and for other teachers their salaries are paid from college funds. The non-teaching staff consists of a senior assistant, a store-keeper, a junior assistant, a record assistant and minion staff members. For permanent staff, salaries are paid by the Government and for others salaries are paid from the college funds. The

	college funds are frugally utilized to minimize burden on non-plan expenditure.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The college Planning and Development Committee and Staff Committee follow the instructions of the higher authorities of the department to try to implement the vision and mission of the college as per the procedures in vogue. Since the aim of the institution is to make its students physically and mentally fit to earn academic standards and employment earning skills. Most of the students are from poor and under privileged sections of the society. The institution makes admissions on the basis of reservation system existing in the state and it is a very transparent method of admissions. In addition to the University prescribed curriculum, certificate courses in some specialization are offered to the students. The life skills and analytical skills are imparted through value added courses. Field projects and study tours make the students research oriented. The teaching and learning process is made student-centric by involving the students in group studies, activities like academic competitions and co-curricular and extra-curricular activities. The teaching is made digital in addition to conventional teaching methods. The students are involved in NSS activities and in special camps wherein they learn the socio economic conditions of the rural masses identifying the people with themselves. This induces a feeling of oneness and the students can become sympathetic with the conditions of the rural areas. A feeling of social consciousness can be injected in the minds of young India which is very important. They can also learn leadership qualities by participating in the extension activities. The institution always tries to improve its infrastructure like classrooms, laboratories, books and computers with the help of Government and college grants. The institution takes up remedial coaching and coaching for

higher studies for student progression. The institution also takes maximum care for sanction of scholarships to all the eligible students. For physically disabled students scribe facility in the examination and ramps for upstairs are also provided.
